

# KS1 Christmas Treasure Hunt

All the information you need to help your little adventurers is on this sheet. You have the locations, together with the map, to assist you in finding the right place, plus the answers to each clue and the final answer to our festive anagram. If you're doing KS1 and KS2 together then be aware that they will get different answers for each location. Good luck!

|    | LOCATION  | CLUE   |    |   |  |  |  |  |  |  |
|----|---|--|----|---|--|--|--|--|--|--|
| 1  | RAB School Sign   | We know this place so well! But how well can you remember our school logo? Use the sign to help you ADD the number of balloons to the number of children shown and get your first answer.  | 12 | L |  |  |  |  |  |  |
| 2  | Battle Ditches Sign<br>(Gibson Gardens/Gibson Way)              | Here's a sign that takes us back in time with a Christmas robin to help you count: how many houses can you spot in the picture?  | 2  | В |  |  |  |  |  |  |
| 3  | Carved Stone Almshouses Plaque                                  | Look closely at the stone plaque - find the number of additional almshouses and then MULTIPLY by 3 to get your answer.   | 12 | L |  |  |  |  |  |  |
| 4  | Pond Sign with Pictures (by the pond near Swan Meadow car park) | Get out your binoculars and ADD the total number of newts, toads, bats and frogs you can spot on the pond sign.  | 5  | Е |  |  |  |  |  |  |
| 5  | Cross Keys Molly's Tea House Symbols                            | The Elves are having a tea party. COUNT the pictures of the things you might expect to find at an afternoon tea.   | 7  | G |  |  |  |  |  |  |
| 6  | Eight Bells (Side Wall on Right)                                | Find the pub that ring-a-ding-dings! Now COUNT the number of letters in its name that's written on the wall. Then, MINUS the number of bells to get your answer.   | 5  | Е |  |  |  |  |  |  |
| 7  | Fry Art Gallery Sign  | You won't find this place open at this time of year. But you can ADD the number of letters in the opening month to the number of letters in the closing month to find your answer. Hint: make sure you count April as the first month! | 12 | L |  |  |  |  |  |  |
| 8  | Baron Butler Gravestone (St Mary's Graveyard)                   | Find the 'Butler' our school was named after. Spot the number of years he was an MP. Then ADD the FIRST digit to the SECOND digit to find your answer. Hint: It's a flat stone!  | 9  | I |  |  |  |  |  |  |
| 9  | Pudding House (9a Museum Street)                                | This could be the yummiest address is Saffron Walden! What's your favourite pudding? Whilst you're thinking, ADD 10 to the number you can see to find your next answer.  | 19 | S |  |  |  |  |  |  |
| 10 | Painted Bollard (Market Square)                                 | Quick! Find a space and turn off your engine! Now ADD the EARLIEST and LATEST parking times together for your answer.  | 14 | N |  |  |  |  |  |  |
| 11 | Turf Maze Sign on Common  | You've made it to the last clue. A-maze-ing! SUBTRACT 5 from the cost, in SHILLINGS, for re-cutting the maze in 1699.  | 10 | J |  |  |  |  |  |  |
| Α  | N S W E R   | JINGLE BELLS   |    |   |  |  |  |  |  |  |

## K31 Christmas Treasure Hunt

Are you ready for an adventure? Can you be a super spotter and a fact finder to crack this challenge? We're going to make our way around Saffron Walden on a numbers hunt, finding the locations on the map and solving the 11 clues below. Once you've got all your answers, use the special code and some of your brilliant brain power to work out the final answer.

We know this place so well! But how well can you remember our school logo? Use the sign to help you ADD the number of balloons to the number of children shown and get your first answer.

Here's a sign that takes us back in time with a Christmas robin to help you count: how many houses can you spot in the picture?

Look closely at the stone plaque - find the number of additional almshouses and then MULTIPLY by 3 to get your answer.

Get out your binoculars and ADD the total number of newts, toads, bats and frogs you can spot on the pond sign.

The Elves are having a tea party. COUNT the pictures of the things you might expect to find at an afternoon tea.

Find the pub that ring-a-ding-dings! Now COUNT the number of letters in its name that's written on the wall. Then, MINUS the number of bells to get your answer.

You won't find this place open at this time of year. But you can ADD the number of letters in the opening month to the number of letters in the closing month to find your answer. Hint: make sure you count April as the first month!

Find the 'Butler' our school was named after. Spot the number of years he was an MP. Then ADD the FIRST digit to the SECOND digit to find your answer. Hint: It's a flat stone!

This could be the yummiest address is Saffron Walden! What's your favourite pudding? Whilst you're thinking, ADD 10 to the number you can see to find your next answer.

Quick! Find a space and turn off your engine! Now ADD the EARLIEST and LATEST parking times together for your answer.

You've made it to the last clue. A-maze-ing! SUBTRACT 5 from the cost, in SHILLINGS, for recutting the maze in 1699.

#### Now for a bit of Christmas code cracking!

Each of the numbers you found in your answers matches a letter in the code below. You should end up with 11 letters - but wait! - they're all in a jumble. Give your brain a rub and see if you can put them in the right order to spell a very festive sound...

| 1 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 | 16 | 17 | 18 | 19 | 20 | 21 | 22 | 23 | 24 | 25 | 26 |
|-----|---|---|---|---|---|---|---|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|----|
| А В | С | D | Ε | F | G | Н | I | J  | K  | L  | М  | N  | 0  | Ρ  | Q  | R  | S  | Т  | U  | ٧  | W  | Χ  | Υ  | Z  |
