The expected national data percentages are from the DfE Website. The points average and the higher level percentages were published on FFT Aspire using data from all the schools using Aspire, which is over 1,600 schools.

**In 2024 and 2025 schools were not given any progress data, as due to the COVID pandemic these children did not compete KS1 SATS, so progress was not able to be measured in the usual way. The 2025 progress measures have been calculated by FFT Aspire using contextual value added data.*

We were exceptionally pleased with the outcomes for our Year 6 children in 2025.
