

RA Butler PTA

Our Year in Money

Financial summary · September 2025 – August 2026

Another brilliant year – thank you!

Every penny raised helps pupils across both the Infant and Junior Schools

£47,971

Money raised in total

Last year: £63,222

£34,222

Left for the school after event costs

Last year: £46,000

71p

of every £1 donated went to the school

Last year: 73p

Why are the numbers lower than last year?

- Last year included a one-off: the amazing Sports Marathon, which raised money for the new astro pitch. Without it, this year was much closer to normal.
- Our regular events – the Summer and Winter Fayres, Discos and Gifts for Grown-ups – still brought in around £22,000.

Our top three fundraisers

What we ran, and what each one raised for the school

RAB Be Inspired

£8,250

raised for the new library

Children read books to people in unusual places! A huge whole-school effort.

No event costs – every penny went to the library.

Winter Fayre

£5,589

for the school

A smaller event this year but still a great result. More helpers = more stalls.

Money in	£6,667
Costs	£1,078

Summer Fayre

£5,354

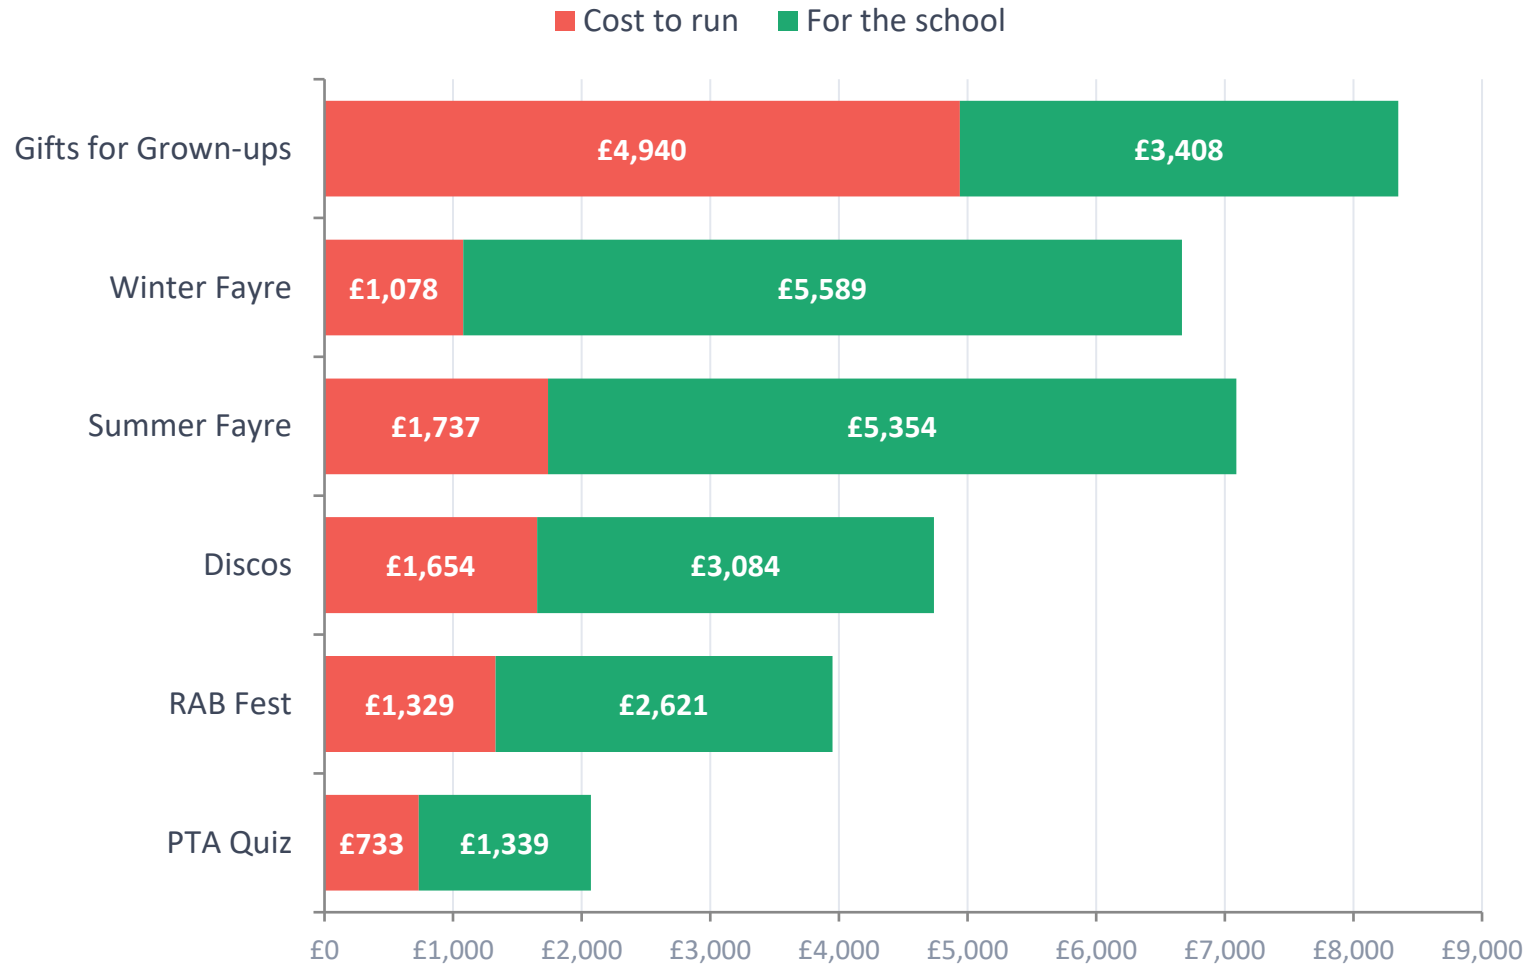

for the school

A fun day out for families in the sunshine.

Money in	£7,091
Costs	£1,737

Every event, side by side

The whole bar is the money taken – the green part is what the school receives

Best value

The Fayres keep around 80p of every £1 – low costs, big fun.

Not all about the money

Gifts for Grown-ups took the most money, but 59% went on buying the gifts.

The challenges ahead

We want to be open about what's getting harder

Our Fayres earned less

Around £1,500 less for the school, and £4,000 less money in, than last year.

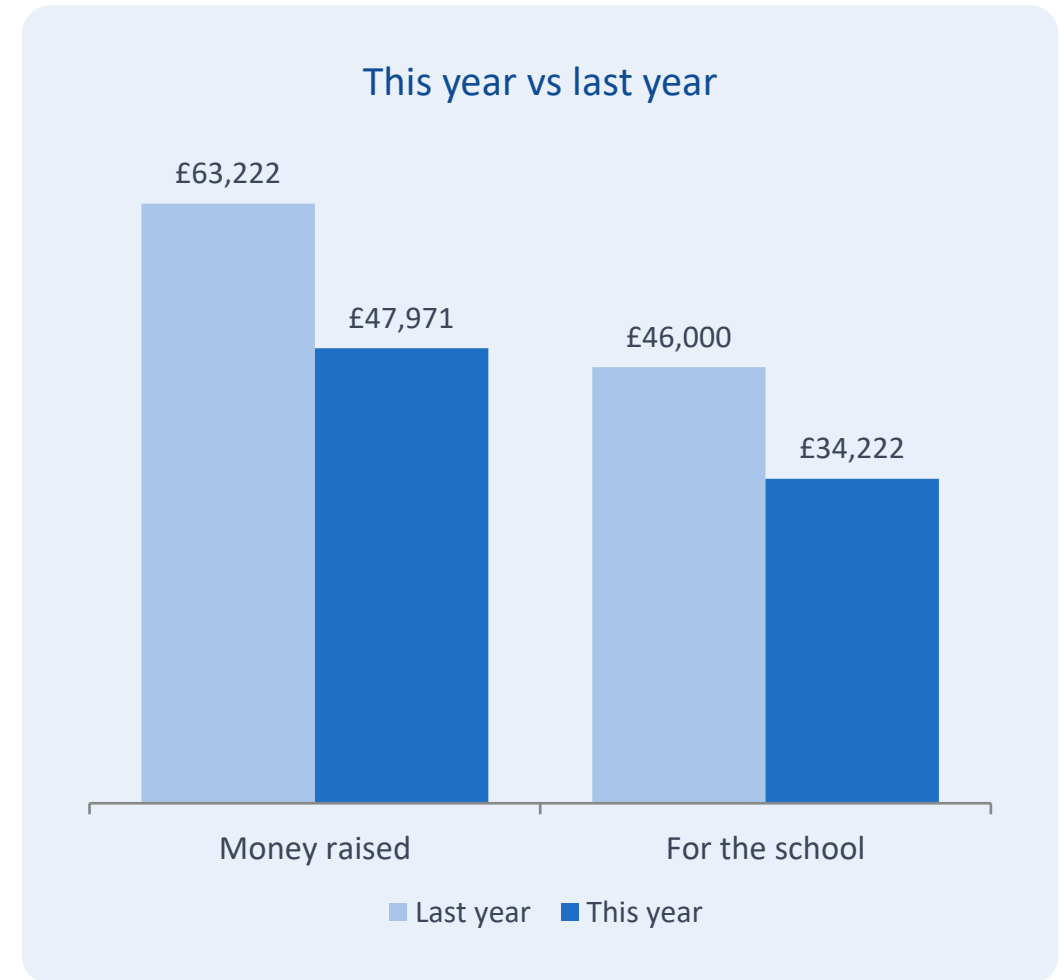

Running events costs more

Stock, prizes and hire all cost more each year, so we keep less of each £1.

Families are stretched

We know budgets are tight – that's why giving time matters as much as money.

Thank you!
Any questions?

Together we raised £34,222 for our children this year
